

APPROVED SWIMMING POOL ALARMS

Monday June 16, 2008

Revision 2.1:

Added additional links to manufacturer's web sites.

The following swimming pool alarms have been reviewed by the Town of Jupiter, Field Inspection Services and found to fully comply with all requirements of the Florida Building Code 2004 Section 424, and Florida Statutes 515.

Other alarms not on this list that are sold as safety alarms or security alarms or as pool alarms, have not been evaluated or have been evaluated and found not to meet all of the requirements of the Florida Building Code and of the Florida Statutes for pool alarms.

Yard Guard by Smart Pool; model YG03, **battery powered**, with re-entry switch
Yard Guard by Smart Pool, model YG18, **battery powered**, and programmable keypad code

Yard Guard by Smart Pool; model YG04, plug-in 120 volt powered,
The Yard Guard alarms generally allow the use of multiple doors or windows on each alarm box. Check package directions for details. www.smartpool.com

Techko Safe Pool, model S 087, **battery powered**, one window or door
Techko Safe Pool, model S 088, plug in 120 volt powered, one window or door
Techko Safe Pool, model S 089, plug-in 120 volt powered, up to 4 windows or doors. www.techkousa.com

GRI, model GT10-4 only, instant on, battery or remote 12 volt DC power, surface or recessed mounted, multiple windows or doors. www.grisk.com

Add the following GRI part numbers to the approved list: 289-3, 289-4, 289-CP3, 289-CP4, DPARM, DPA-10

THE ALARMS LISTED BELOW ARE NOT APPROVED

GRI: www.grisk.com GT10-4, 289-1, 289-2, 189-1, 189-2, DPA-10D

This device has a preset 7 second delay, and is not instant on as required by Florida Statute.

Pool Guard: www.poolguard.com GAPT, DAPT

This device has a preset 7 second delay, and is not instant on as required by Florida Statute.

Intermatic: www.intermatic.com SP 440 B

This device has an on/off switch allowing alarm to be turned off permanently. No pass-thru delay.

Costco Entry Alarm model number 968222

This device has an on/off switch allowing alarm to be turned off permanently. No pass-thru delay.

Home burglar and security alarm systems such as those prewired systems that come with new homes.

These alarms systems are able to be turned off, have no pass thru delay, and emit a chime and not a loud warning sound.

The Florida Building Code and the Florida Statutes now permit the use of battery powered pool alarms.

Some or all of the approved pool alarms are available for purchase in the Town of Jupiter at the following locations:

Home Depot, West Indiantown Road at Maplewood Drive.
Leslie's Swimming Pool Supplies, West Indiantown Road in the Chasewood Plaza next to Publix
Almar Jackson Pools, 1461 Cypress Drive
